PORTFOLIO SOCIAL INITIATIVES

afimilk®

“ We’re proud to be part of the agriculture community and stand in solidarity with all farmers. Together, we can ensure a thriving future for Israel's farming.”

YUVAL RACHMILEVITCH , AFIMILK CEO

Afimilk's team volunteered to help recover the destroyed milking parlor in Nahal Oz.

Volunteered to harvest fruit at Amikam Farm and pecans at Bet Hillel Farm due to farmer shortages.

Polytex promptly replaced 26 of their machines at Barzilai Medical Center after a missile attack.

Donated essential items, including warm clothing and chargers, to Israeli army units.

Employees volunteered to harvest tomatoes near Gaza at "Pri Gan."

Provided free translation for hundreds of 'war-related' campaigns, including videos and web content.

Distributed 'Otef-Gaza' fruit and vegetable boxes to all Israeli employees.

Employees volunteered to prepare food for soldiers, aid farmers, and assist displaced individuals.

Donated 24+ tons of products (rice, sugar, salt, etc.) to Israeli soldiers, evacuees, and bereaved families.

Supporting evacuated or injured employees from Southern Israel.

Distributing care packages to families of recruited employees.

Offering voluntary DevOps and CloudOps support for Israeli companies with teams in military service.

Supported farmers in the south by purchasing fresh produce and offering them to employees.

Employees harvested seasonal vegetables in local fields.

We are offering our control systems to every local authority that turns to us, to defend, protect and respond to security threats and attacks.”

AVI AFLALO, SIMPLEX 3D CEO

Simplex 3D is harnessing its technology for the benefit of all local authorities and communities in Israel, to strengthen the preparedness of security and emergency units.

CTS factories are supplying vital medications to Israeli soldiers and products to aid child social workers in southern Israel.

Delivering weekly care packages to families of employees on military reserve duty and those employed in their southern factories.

Supplied and installed Kramer's AV gear for a northern Kibbutz hosting Nahal Oz survivors and evacuees, meeting their urgent tech needs.

Teams volunteered harvesting in fields across Israel.

Donated 30,000 NIS to Israeli troops and brigades where employees serve in reserve.

Offering complimentary product access to support Israeli businesses online.

Provided vital aid to Israeli soldiers with essential equipment and delivered hot meals to units with employees on reserves.

Organized resilience workshops for employees and a dedicated wartime management workshop for managers.

Activities to display solidarity with abductees' families to ensure their loved ones were not forgotten.

Assisted Sderot municipality in building a computer center.

Transferred essential equipment and food to Israeli soldiers.

Management teams volunteered to harvest ripe pomegranates at Mavki'im.

Sponsored a dinner at Ichilov Hospital for 200 wounded civilians and soldiers.

Organized an engaging event for 120 displaced children near the Gaza border.

Donated essential items to Israeli soldiers, including sleeping bags, tents, and tactical gear.

Daily distribution of homemade hot meals to soldiers and families of the wounded in hospitals.

Provided new clothing and essentials to the evacuees from Kibbutz Zikim.

Leveraged their genetic expertise to identify individuals affected by the tragic events.

Employees volunteered Clementine picking to support Israeli farmers with staff shortages.

MotoRAD®
